Dear Christine and Dottie,

I would like to extend my heartfelt thanks to you for offering your services during The Faith & Politics Institute's pilgrimage to the Gulf Coast. We all felt that the trip was immensely successful, thanks in large part to the spirit and involvement of all those who supported it.

It was a very special evening that you planned for us at the Katrina Museum. It was the perfect location for us to be in that important night – to be a part of the commemoration of Hurricane Katrina 5 years ago. The evening was flawless, thanks to the excellent work that you both did on our behalf.

Each member of the delegation felt a spirit that permeated each place we visited and each program we attended. That spirit was one of unity, faith, hope, and a determination that speaks to the strength of the people of New Orleans, and the rebuilding efforts there.

Our entire team at The Faith & Politics Institute came away from the Gulf Coast having made meaningful connections. Being with you all at the Presbytere helped to make that happen. Our time with you in New Orleans also provided us with fresh eyes as we saw possibilities for new endeavors. We all look forward to future trips to New Orleans on upcoming Faith & Politics pilgrimages. Again, thank you.

Best wishes,

Robin Fillmore  
Program Director
